

by Eduard Gercog

Some well-chosen and carefully placed rocks, as well as Riccia, Hemianthus Cuba and Eleocharis. That's in fact all, in order to create this clean, vigorous meadow. You can almost hear the bees humming and you feel like going up to see, what's behind the horizon.

**Tip!** You can create depth and perspective with few means. It's simple.

## Technique

Aquarium:	OPTIWHITENATURAL AQUARIO
Volume:	54 L
Light:	Custom made LED
Gravel:	Ebi Gold waterplant soil
Filter:	External JBL crystalprofi 900
CO2:	2 bubbles per second
